I love my mommy
and my mommy loves me.

Cuddle up and take a child into the world of animals with this adorable concept book about parents and babies. The clever text borrows simple phrases from a child's experience to show that animal mommies take care of their young, too. Illustrated on sturdy stock in soft, beautiful colors, with labels above each picture so even the youngest child can point to the animals and say their names, this is perfect for sharing on a loving lap.
